

How to update a Chromebook

26 September 1, 2020 [Chromebook](#) 2148

Table of Contents

- [Update newer OS \(Chrome OS 80+\)](#)
- [Update older Chrome OS](#)

Update newer OS (Chrome OS 80+)

1. Log into your Chromebook.
2. Click the clock area at the bottom-right of the screen, then click **Settings** (gear icon).

3. Click on "**About Chrome OS**" on the left-hand side menu.

4. Click the "**Check for updates**" button.

5. If there is an update available the system will download and install the update. This may take a few minutes depending on your internet connection.

6. Once the update finishes restart the Chromebook to finish the update.

Update older Chrome OS

1. Log into your Chromebook.

2. Click the clock area at the bottom-right of the screen, then click **Settings** (gear icon).

3. Click **Settings** at top left of the window.

4. A pop-up menu will appear, click on "**About Chrome OS**".

5. Click the "**CHECK FOR UPDATES**" button.

6. If there is an update available the system will download and install the update. This may take a few minutes depending on your internet connection.

7. Once the update finishes click the **Restart** button to finish the update.
