

# How do I clean & disinfect my devices?

6 August 21, 2020 [General](#), [New Staff](#) 1289

Cleaning and disinfecting the devices in your room will not only help keep your equipment clean, it is also an important step in preventing hardware failures due to dirt & dust buildup.

- [Cleaning Devices](#)
- [Disinfecting Devices](#)

## Cleaning Devices

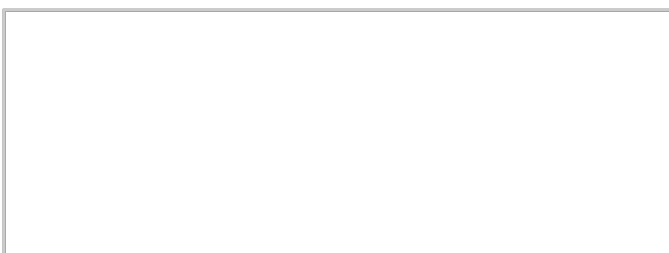

Computers and peripherals can be cleaned using any electronics friendly cleaning products. Be careful not to use and abrasive cleaners as they can potentially damage equipment.

**NOTE: Help Desk is not responsible for cleaning computers and peripherals during the school year.**

## Disinfecting Devices

Per CDC guidelines it is recommended that all high-touch surfaces be disinfected regularly to help stop the spread of viruses such as COVID-19.
